EDPR announces plans for a non-preemptive capital increase of c.€1.5bn

To facilitate the capital increase, Citi and Morgan Stanley are mandated to carry out an accelerated bookbuilding of EDPR shares

Madrid, March 2nd 2021: EDP – Energias de Portugal S.A. (“EDP”) and EDP Renováveis S.A. (“EDPR”) disclosed its Strategic update 2021-25 to the market in the Capital Markets Day held on February 25th 2021, in which EDP presented a capex plan of c.€24bn in energy transition and EDPR a capex plan of c.€19bn to deploy c.20 GW of renewables additions until 2025.

To partially finance EDPR’s capex plan, EDPR plans to pursue a capital increase raising c.€1.5bn (the “**Capital Increase**”).

In order to facilitate a swift and efficient implementation of the Capital Increase in the benefit of EDPR and of all of its shareholders, Citigroup Global Markets Europe AG (“**Citi**”) and Morgan Stanley Europe SE (“**Morgan Stanley**”) (together, the “**Banks**”) have been mandated by EDPR to launch an offering of EDPR shares via an accelerated bookbuild (the “**ABB**”) targeting gross proceeds of c.€1.5bn.

The ABB shares will be offered for purchase exclusively by qualified and institutional investors.

The ABB will commence immediately after this notification. Following the completion of the ABB, EDPR will determine and announce the issue price and the final gross proceeds.

The ABB and subsequent planned Capital Increase (the “**Transaction**”) will be structured as follows:

- To facilitate the pricing and settlement of the ABB, EDP will lend EDPR shares to the Banks and the Banks will place such shares with qualified and institutional investors.
- Immediately following completion of the ABB, and subject to approval by EDPR’s Board of Directors, EDPR will propose a Capital Increase equal to the gross proceeds of the ABB, to be fully subscribed by the Banks; authorization would be sought through a proposed resolution in the General Shareholders Meeting of EDPR to be held on or around April 12th 2021.
