

ANNOUNCEMENT

(Translated from the Portuguese original)

CIMPOR - Cimentos de Portugal, SGPS, S.A. (CIMPOR) hereby informs the public and the shareholders in particular that, through its Spanish subsidiary, Corporación Noroeste de Hormigones y Áridos, S.L., has acquired, today, a set of participations representing 40% of the share capital of Firmes y Hormigones SANI, S.L., for a total amount of 4.19 million euros. Also on this date, and at the same unit price, CIMPOR subscribed an option purchase agreement for an additional set of participations in this company, corresponding to 50% of the respective share capital.

The main activity of Firmes y Hormigones SANI, S.L. consists in extracting, screening and commercializing aggregates (around 600.000 ton/year) in two quarries located in the region of Badajoz (Extremadura) and in producing and commercializing ready-mix concrete (150.000 m³/year), owning for this purpose seven ready mix concrete facilities located in the same region.
